Tucked into a quiet, established neighbourhood yet central to a choice of schools, shopping centres, health services, recreational facilities and with easy access to the freeway, this three bedroom home has the best of both worlds. Set behind a picket fence and cottage garden, the neatly presented property is instantly inviting from the street. Designed for family living, the layout includes the formal sitting room and main bedroom with a walk-in robe and ensuite at the front of the plan. The two secondary bedrooms, both with dual robes, family bathroom, toilet and the laundry are found at the rear. Heart of the home is the kitchen, meals and family living area with sliding doors to a large covered patio. Well equipped, the kitchen has a four burner gas hob, electric wall oven with a separate grill, dishwasher, island bench and ample storage including a step-in corner pantry. Ducted gas heating, a gas heat bank in the sitting room, ceiling fans, automated external shutters on the front windows, outdoor blinds, security doors and window locks are further inclusions. Outside there is a single carport with double gates to the rear yard with plenty of room for a trailer or van. Securely fenced, the rear yard has an open area of lawn for young children to play, a small shed stores the mower, assorted fruit trees include an avocado, citrus, apple, stone fruits and there is a 6,800 litre tank for the garden. For a location that is super convenient and a home designed for family living, this property will be hard to beat.
