If you are a growing family, then this near new 5 bedroom home is one to view this weekend. Built by well-respected local builders, the quality homestead sits high in the Estate and will be close to schools, parks and the future town centre. Filled with light, the two separate living areas and covered outdoor alfresco allow for a variety of entertaining. A ground floor bedroom and third bathroom makes it ideal for multi-generational families or those working from home. Additional features include open plan kitchen with stone benchtops and stainless steel appliances, main bathroom with bathtub and dual vanities, extensive storage, ducted air-conditioning and level back yard. Call the BCM Team on 9627 0000 or come and view.
