This really is a great starter if you are a first-home buyer or investor. With a long list of features and recent renovations, this home is sure to impress. We just love the renovations to this home. The living area was extended giving a sunny open plan to the home that makes it so liveable. With new flooring, it really does "Pop" and is easily large enough for family get-togethers. The kitchen upgrade means your inner chef can evolve, big enough for a fridge and a freezer, a dishwasher and lots of cupboard spaces including a pantry. Everything is within reach like a professional setup. Nothing to do in this room but cook up a storm and entertain. Dining area to the end of the kitchen and a deck or balcony for enjoying with that cuppa you made, right there. We have 3 bedrooms, a Master to the front of the home off a long hallway. The best thing here is the 3 door storage cupboard that will swallow everything you can throw at it. Two bedrooms have robes and the master ceiling fan and wall heater. The bathroom is original but is in good condition and will see you out for as long as you need before you renovate. Shower/bath and toilet with vanity, close to the bedrooms so it works like an ensuite. We have an oversized outdoor laundry off the back of the house and it also has a toilet. 2 toilets, what a bonus that is. The home is north-facing sitting well back on a 811m² block offering lots of privacy. Fitted all around with aluminium roller blinds, most electric, some hand wind offering great privacy as well as security. We also offer solar panels to help ease the mortgage repayments. The carport fronts the single-car garage which has been converted into a studio to the rear. How good is that if you have a hobby. Lined and insulated for year-round use. The house is elevated enough to provide a dry place for storage and a tool store with nearly 7m² to lock away your toys. A garden shed is also on offer so "storage" is this property's mantra. Tucked away to the rear of the block, this home is private, secure and of excellent value. Everything a first homeowner or investor could wish for.
