This well presented 3 bedroom family home has that comfortable feel as soon as you walk through the door. The front door leads you into a hallway which has the lounge room with floorboards one side offering reverse cycle air conditioning and electric fire place. Two of the three bedroom's both have built in robes and are queen in size. The third bedroom also has a robe and is off the sunroom area. Walking through to a very large eat in kitchen/dining area. The kitchen is well appointed with gas cooking, dishwasher and loads of cupboards, including a large pantry. Very generous benchtop that could easily fit four stools for the family or guests. No money to spend here. Bathroom has been totally renovated and you have a second W.C. off the laundry. The laundry is also of a generous size. The bonus room is a glassed in room at the rear with outdoor blinds to make this room comfortable all year round. All the other windows throughout the home have shutters. Great garage with pit for those that are handy with the tools. Two other sheds at the rear of the property for extra storage and carport or covered outdoor entertaining area. Private flat backyard for the kids or pets to run around. This one won't last long!!!!!!!!!!!!!!
