\$490,000

This lovely 3 bed 2 bathroom home is tucked away in a quiet area of the prestigious suburb of Durack and occupies a position overlooking a manicured park. At the end of a no through street there is little or no passing traffic past your driveway. The property is well designed and has two living areas as well as 2 bathrooms. There is also a designated airconditioned study for the student of the family. The open plan design offers family members interaction whilst completing the daily chores. Just outside the sliding glass doors from the living room is a covered entertaining area which would be just the spot to relax at the end of the day.. It has a large yard that would be ideal spot to get the boat, trailer or caravan of the street and securely stowed. Out the back there is the mandatory colorbond garden shed, large enough to accommodate the essentials of home ownership. The property is currently tenanted and will be available for occupation with notice to tenants to vacate the property. Given that settlement times are up to 45 days, now would be a good time to inspect this one and express your interest.
