This solidly constructed 3-bedroom home was built to last and is a very usable 1010sqm allotment. The property is ready for the next owner. The current owner has lived a very happy life here since 2002. It was his base while he did numerous work trips interstate, because he was away so often the gardens are fairly basic. It's almost a blank canvas ready for the new owner. PLUS the allotment is 1010sqm which means you could apply to town planning for permission for a 2nd dwelling on the block. It's very suitable for the addition of a granny flat or just a teenager's pad. Close walking distance to all the Schools and Colleges on the East side of the river plus and the Charles Darwin Uni is just across the road.
