A highly sought-after address within the Oakleigh entertainment district showcases this thoughtfully improved weatherboard home. Its unique presentation effortlessly blends the period and modern, with a picket fence and rose garden entry preceding thoroughly contemporary interiors comprising immaculately tiled living spaces and bathrooms, well-appointed kitchen, and updated fixtures and fittings. Transformed and streamlined interiors are set over an open-concept blueprint which seamlessly integrates the living and dining spaces; sliding door access in the lounge opens onto the undercover alfresco, ideal for scaled entertaining and summer meals. Servicing the family with ease, the u-shaped kitchen is a prized combination of form and function, with its sleek design including stainless-steel appliances, generous storage space, and backyard views and access. Complimented by spacious dimensions, three bedrooms with built-in robes include two with A/C and one with a built-in fireplace. Premium features include vaulted ceilings, external awnings, dining room A/C, ducted heating, east-facing orientation, and abundant outdoor storage options. Aspirational and highly attractive, this property is steps from the cultural commons of Oakleigh Mall, with zoning for Amsleigh Park Primary & South Oakleigh Secondary College.
