Saturday, 2 December 2023

7 Jollys Falls Road, The Summit, Qld 4377

Bedrooms: 3

Bathrooms: 1

Parkings: 11

Area: 12 m2

Type: House

Logan Steele

\$660,000

Solid 4-bedroom home sitting on 30 acres of good grazing land with dams and a seasonal creek flowing through it. The house is in good condition and is perfectly suited for a large family. All of the bedrooms are fairly large with built in robes and the main is exceptionally big spanning the width of the house and features its own wood fireplace as well as built in robes and external access. There's a good mix of indoor and outdoor entertainment space, with a generous living room and combined kitchen / dining area inside and a big undercover back verandah positioned to look over the rest of the property. Just outside the house is a small courtyard allocated as a beer garden / outdoor entertainment space which was used as the Owner's 'Brewhouse' attached. There are 2 very large steel constructed sheds providing exceptional space for machinery and workshop areas. The tractors and tools currently in them will also be included in the sale. The property is fenced into multiple paddocks, with the house and sheds in one, some smaller ones with steel cattle yards (which are included in the sale) and then the rest open for grazing. If you're looking for a useful block of land with all of the comfortable features of a residential property this is the one for you. To organise an inspection call Logan Steele on 4681 3311
