\$110,000 (excluding GST)

Step right into the decommissioned Anglican Church - Condamine, where endless possibilities await. The sturdy cement stumps and expansive steel beams lay a solid foundation, offering the opportunity to transform the church into your ideal space. Nestled on a generous 2023m² plot, there's ample space for creating lush gardens, building the shed of your dreams, or even installing a refreshing pool. Inside, discover the allure of rich stained wooden flooring and a captivating paneled wooden feature wall. Two cozy rooms located at the rear of the main hall present a prime canvas for crafting a customized kitchen, bathroom, or laundry area. For all aspiring renovators, an inspection is an absolute must!
