Marlow Magic

Being close to the surf & inlet is just part of what's on offer with this lovely Ocean Beach property. Well maintained and neat as a pin the 4x2 brick & iron home benefits from its super quite location and generous 1833sqm block complete with a babbling creek with its local frog population. Inside the open plan living is light and bright with wood fireplace with wonderful views over the landscaped backyard. The bedrooms have BIR's with the master having its own en suite and access to the patio. Outside there is plenty of interest in the gardens and is dominated by a substantial patio and decking which presides over the surrounds. Undercover carport, sealed driveway & parking, numerous sheds and garage offers plenty of room for all the toys. To view this property call Brett on 0439100439
