Sherridon Homes promise 'a higher standard' and you can see that opulence on display across this stunning 50sq (approx.) showcase. With its bold geometric façade and stunning picture windows, the distinguished double storey residence exudes all the glamour of modern design. Soaring ceilings, a dedicated home cinema and a feature outdoor waterfall bring the 'wow' factor to family living, just 300m to Brandon Park Shopping Centre and its coming \$60million revamp. The distinctive layout attracts light in all the right places, and zones private spaces in which to work, entertain, and retreat – including a beautiful front office or formal lounge and a rumpus on the upper level. Where the modern mansion truly inspires is across its spectacular family wing – framed by a towering void, and connected between the kitchen, dining and outdoor rooms for perfect party flow. Premium 90cm Ariston cooking appliances, and a buffet with bar fridge nook offer all the right ingredients to cater for family and friends. The floating stairs lead you to the quiet corners of the bedroom wing. Parents will relish a showcase master suite with an impressive sized ensuite, with the children's bedrooms at the opposite end of the hallway serviced by a family bathroom and separate toilet. Exclusively appointed with dramatic suspended lighting, a street facing Juliette balcony, ducted heating and evaporative cooling, video intercom and security, hideaway clothesline and shed, and a double garage with internal entry through the mud room and laundry. As part of a promenade of new homes on high side of Plato Cres, this is a chance to offer your family a bigger and better lifestyle close to excellent schools including Good Shepherd, Brentwood Secondary and Wesley College, just around the corner from Monash Fwy, Monash University and family friendly sporting facilities for tennis, soccer, cricket and athletics.
