Renovator's Dream Property Must Sell Bursting with potential, this three bedroom home is perfect for renovators wanting to sink their teeth into a great project. Solid built and with room to move, this home is a renovator's dream. Tucked away on a flat block in a quite cul-de-sac, this property is in a great location, close to public transport, parks and shops. Currently, all of the bedrooms have robes, carpets and access to the bathroom with a bath, while the master suite enjoys a private entrance. There is a large living area with lots of natural light, sliding doors and easy-care tiled floors, plus ceiling fans. Outside there is a covered outdoor area with a small rainwater tank and separate shed for storage that is fitted as an out door working space with fully fenced in yard. The concrete patio wraps around the front of the house and is perfect for entertaining and a great space for families. You can choose to gut the property to create a luxurious, modern abode with a crisp colour palette, plantation shutters and a designer kitchen, or update the current home with a new kitchen, bathrooms and floorings.
