Offers Over \$395,000

Elevated and enticing, further enhanced by its free-standing independence, this flexible three bedroom residence offers first home buyers a smart starting point and provides investors with the opportunity to earn reliable returns. Fresh floor coverings and excellent presentation complement a design that features an inviting living/dining area accompanied by an efficient original open-plan kitchen with ample storage and a casual meals counter beneath a raked ceiling. Three bedrooms, which can be configured as two and a study if so preferred, share the stylishly updated central bathroom of a floor-plan that includes the convenience of a separate laundry and the comfort of the living/dining area's heat pump. A deck that's easily large enough for entertaining and views that extend towards the city illustrate the outdoor attraction of this ideal entry level address, with its own off street car parking. Youngtown Primary School, Kings Meadows High School, Hobart Road shopping and the city are all within easy reach and range of this immediately, consistently rewarding unit.
