This much-loved family home has been in the one family for the last 59 years. The property has been very well cared for inside and out and the overall presentation is excellent. This is your opportunity to secure a terrific 3 bedroom home all with built in wardrobes, 2 of the 3 bedrooms have ceiling fans, there's a sense of spaciousness throughout with the high ceilings and picture windows letting great natural light in, the main living areas have updated flooring, a wood heater and ceiling fan. The kitchen is well appointed with plenty of cupboards, a new electric stove and overlooks the spacious 1012m2 backyard containing a large double shed, another garden shed and still plenty of room left over to build your dream shed, create a vegie garden and let the kids and pets run. Inspections easily arranged.
