One on One Property Management proudly presents this beauty and cannot wait to find the family who will make it their home. Built by Beare Homes in 2019....7 Woollybutt Street is a 180 square meter, 3 bedroom home with gorgeous design detail. Enter the property via the spacious double lock up garage. Unwind in the well-proportioned living area, offering nice separation for the living & dining spaces and a funky purple feature wall. The living area extends out the back verandah and very low key maintenance gardens & paved courtyard. Cook up a storm in the well-appointed kitchen featuring electric cooking, dishwasher, room for a double door fridge, a convenient island bench for meal prep as well as overhead and under-bench storage. The master bedroom, (with glass door access to the outdoor area) features TV bracket, air conditioning, a walk in robe PLUS a lovely ensuite with his/her basin and a concealed shower recess & toilet. The additional 2 bedrooms feature mirrored robes & air conditioning and would both comfortably fit a queen bed. Bed 3 offers a small private courtyard via glass sliding doors. Be impressed with the family bathroom with a spacious shower recess and neutral tile selection. Other show-stopping features include – Solar power. Tiled throughout. Security screens. Internal laundry. Quality block out blinds. Linen cupboard. Sorry, no pets; the backyard is not suitable being paved. Available for inspection each week.
