This executive style home offers so much space and yet little maintenance is required. The 423 M2 block has astro turf out in the rear yard whilst the living rooms are so generous in size inside the home. The main air conditioned living dining and eye catching kitchen area is simply massive. The gourmet kitchen is complete with a stunning island unit and breakfast bar, boasting stone bench tops, gas cooking and a huge walk in pantry. The king size master suite with ensuite is located at one end of the home for additional privacy whilst the other 3 generous sized kids bedrooms all flow out onto a spacious 2nd lounge room, simply perfect for them to have their own space and with the additional bathroom also located at the same end of the home it's like having their own retreat within the home. The under roof line alfresco area flows off the main living room and whilst there is ample room for pets outside, it's an easy to care for block. Located near Bayview State School and Carmel College this home has also had new carpets throughout and the only thing you need to do is literally book your removal van and move on in its that good and ready to call home today!
