Clarendon Homes is one of the largest home builders in South East Queensland. For over 45 years, we have designed and built homes around the way families live. As leaders of design innovation, we proudly offer an extensive range of double storey homes, acreage homes and single storey homes that are tailored to suit an array of lifestyles and budgets. A relaxed home-life is made much easier in a design with large living spaces for the whole family to spread out. The Bayside home designs may be one of our best designs for such a lifestyle. With a very generous open area that combines the family, kitchen, meals and alfresco, there is plenty of breathing space to entertain the biggest of families. But it is the smaller details that truly assist in creating an easy life, such as direct access from the garage to the walk-in-pantry for easy unloading of the groceries from the car. The Bayside is a smart design that gives you more time to do better things. Inclusions: Ducted air conditioning with MyAir, 2740mm high ceilings, Premium quality carpet, 2590mm high ceilings to lower floor, Stone kitchen and vanity benchtops, Westinghouse 900mm appliances, Semi frameless shower screens, Designer bathroom options, Termite resistant structural timber framing, Lifetime structural guarantee, Driveway, letterbox, antenna, clothesline, Statement timber staircase, Integrated porch and alfresco slab, Corner treatment option included, Site works allowance. The Clarendon difference 100% Australian owned: We're proud to be a family owned and operated Australian business, investing with you in the prosperity of your family. 45+ years strong: With more than four and a half decades of design, innovation and building experience, we will continue to lead the industry into the future.
