DE-LUXE has been the cornerstone of the Burleigh beachfront precinct since 1930. Once a destination for elaborate gatherings, classic films and community dances, this reimagination of the site embraces its well-told chapters. Welcome to a sensory immersion that blurs the line between eras DE-LUXE is the perfect meeting point between classic grandeur and modern sophistication. The property presents just four remaining Sky Homes, each underscored by a sense of eminent elegance, uninterrupted disconnect and a lavish realm of living. These residences play on the subtleties that emerge when a perfectly curated design blends with natural beauty. Rich stone, polished plaster and travertine features characterized the open plan living space, creating the canvas for shared memories and time spent in company. Carefully designed and constructed Sky Gardens ensure the property molds around the mesmerizing north facing ocean vista to offer unrivalled views of the ocean and beyond. But it's the kitchen that irrefutably forms the heart of the home. This entertainer's space showcases premium appliances, an expansive butler's room, striking marble benches and bespoke timber cabinetry. It's the perfect place to bring loved ones together. Enjoy the haven of relaxation that is the master bedroom. Bathed in sunlight and overlooking the ocean, the room boasts a spacious walk-in-robe and a hotel-inspired ensuite with a freestanding tub, double stone vanity and rain head shower. An additional bedroom with ensuite completes the residence's first floor, while the two further bedrooms and multipurpose room on the second floor are ideal for zoned living. Sitting directly opposite the glistening shores of the Burleigh Heads beachfront, DE-LUXE is only moments away from the heart of the action. Reach golden sands in a matter of steps, or venture only a few minutes further to reach the bustling James Street precinct. DE-LUXE is also home to a boutique collection of retail and dining, while the residents-only pool and entertaining outdoor space invite daily restoration. A new haven beckons. This is De-Luxe.
