## **Submit offer**

Loganlea is high in demand and especially for renters. The suburb has the huge Logan Hospital, University, Tafe, Schools and Train station which is why so many want to live in the precinct. Logan City Council had an approved plan for the future of the much-desired suburb. Health precincts, apartments on top of restaurants, specialist centres, shopping, and the list goes on. We are proud to represent this property to owner occupiers and investors. The home is on a 555m<sup>2</sup> block of land in a recent development. It has been maintained well and improved over time. It has 4 huge bedrooms along with a study or even 5th room. Then the quality-built kitchen complimented with skylight, overhead storage, and plenty room to move. The amazing kitchen is in the middle of the house and serves to the formal dining room which open out to the alfresco entertaining area. It also has a massive living room. So much else to be said so feel free to call us any time but definitely attend the viewing this Saturday.
