The East Melbourne address says it all, and if you were a sports fan or worked in the city this is just the ticket. A concierge security foyer with multiple lifts to ascend to this north facing 7th floor apartment with long passage entry before opening up to the vista out to the Dandenong's across the northern metropolis. The main bedroom enjoys the same view with the second more study like but would still accommodate a friend or smaller family member. The kitchen is central to the spacious living area with its French styled fold back windows that give the illusion of having a balcony. There's a single car space, an outdoor pool and the plethora of things to do and see in this coveted locality.
