Its Addressed: This property boasts three bedrooms, two bathrooms, and a single carport alongside two large lock-up bays and an awning within the shed. The spacious open-plan living area features a split-system air-conditioner for comfort. The kitchen showcases a stylish Caesar benchtop with overhead cupboards, extended cupboard space, an appliance bench, and a dishwasher. There's ample room for a large fridge as well. The master bedroom offers generous space with double cupboards, a walk-in robe, and its own split-system air-conditioner. Additionally, two other bedrooms feature built-in robes. The main bathroom is nearly renovated, featuring stylish appliances and a unique mirror that not only prevents steam build-up but also plays music for a refreshing start to your day. Outside, a drive-through carport with an electric gate provides access to a powered builder's shed measuring 7 x 12, equipped with 15amp power points, insulation, LED lights, and two remote roller doors. A garaport on the side is ready for accommodating your boat or caravan. The large outdoor entertaining area is perfect for gatherings, offering space for a lounge, table, barbecue, and quiet chats, all overlooking the fully fenced backyard. Adjacent to the house is a purpose-built area that, with a touch of creativity, could be transformed into a gym, home business, or even an additional living space. Conveniently located within a five-minute drive to local schools and shops, this property offers both comfort and practicality.
