\$820,000 - \$895,000

Iconic with its bespoke Hamptons style ensuring it stands out from the pack, this 4-bedroom stunner draws on the pinnacles of sophisticated style and principled liveability, delivering a lifestyle experience that exceeds all expectations. A captivating design uses refined materiality to create a special family environment, resonating throughout a light-letting interior where high ceilings, premium floor coverings and a subtle colour palette evoke a signature aesthetic. Its spectacular scale accomplishes a delicate sense of intimacy, showcasing open-plan indoor and alfresco spaces for easy relaxation and entertaining beside a stone kitchen equipped with a butler's pantry, a buffet island, and a suite of InAlto appointments. The accommodation is perfect for all stages of life, featuring a guest ensuite bedroom on the lower floor and three robed bedrooms zoned around a second lounge on the upper floor, including the main with a hotel-quality ensuite, a walk-in robe and lovely regional panoramas. An impressive home sits in a deserving Brompton setting, moments from picturesque wetlands, the future town centre, Encore Boulevard Playground and Little Wolf cafe. Additional features include zoned refrigerated heating/cooling, solar hot water, LED downlights, high ceilings, two study nooks, powder rooms on each floor, a double garage with dual access, double glazing, and a 6-star energy rating.
