\$580,000-\$630,000

Amongst the designer residences of the Anstey Square development, this bright and gleaming two-bedroom apartment presents an ideal lifestyle proposition. Offering quiet Breese Street entry yet just steps from all the cultural highlights of Sydney Road, it's beautifully positioned for easy Inner North living. Set back from the street in a soaring seventh-floor position, the apartment features a welcoming open central living space, which stretches from a sleek contemporary kitchen out to a large covered balcony boasting city skyline views. There's more views of the city from the light-filled second bedroom, with the primary bedroom adjoining its own private covered balcony and walk in robe. Additional highlights include bathroom with shower over bath and laundry area, generous storage, split-system heating/cooling, and two secure garage parking spots with easy access from Breese Street. The brilliant lifestyle locale is set amongst the cafés, restaurants, supermarkets, bars and boutiques of cosmopolitan Sydney Road. Trains, trams and the Upfield Bike Path are all at your door, making for easy commutes. Walk to Clifton Park, Brunswick Baths, Barkly Square and more. We donate a portion of our fee from every property transaction to the Woodards Foundation to support people experiencing homelessness, family violence and social isolation.
