\$760,000

You can't go past the peaceful and idyllic lifestyle that awaits you in the seaside village of Red Rock, the perfect place to enjoy swimming, fishing, boating or kayaking in the pristine river and beaches. Red Rock is the gateway to the Coffs Coast, and surrounded by stunning bushland, waterways and National Parks it's the perfect place to holiday or call home. Most of the year it's a sleepy beachside village with residents spending their time floating down the river or fishing in the pristine waters, but realistically it's only a short 5 min drive (approx.) to Corindi or Woolgoolga in 15 mins (approx.). Located on a 647m² block with bushland and mature rainforest trees surrounding, this home features 2 bedrooms, bathroom with shower and toilet, laundry with external access, modern kitchen, dining and living room. The North facing outdoor area boasts both undercover space under the roofline and a sunny concrete patio overlooking the gardens and coastal bushland beyond. There is also a single off-street concreted parking space with shade sail, a solar power system to lower your electricity bills, and various sheds throughout the property for all of your storage needs. What's unique about this property is its perfect position on the edge of the coastal bushland, with only one neighbour, and a short walk down the track to Jewfish Point for fishing or East towards the river reserve and "Little Beach" beyond. This one will not last long on the market - Red Rock is highly sought after with little to no stock on the market especially in this price bracket. Contact Fay Smith 0418213818 or Clara Seymour 0456294455 today for more information.
