Wow, what a beautiful property! The uninterrupted views are the masterpiece in each of the living areas of this surprising home which is perfect for a family who will appreciate the family-friendly spaces this property has to offer. With its level entry, living and bedrooms upstairs, this home has been thoughtfully designed to suit those who prefer to have all their bedrooms on the one floor. There is room for expansion if you're looking for a rumpus, home gym and/or office space, with internal stairs to the generous downstairs space which is large enough to accommodate any and potentially several of these needs, or can just as easily be used for fun family activities. The level backyard is beautifully landscaped and terraced, making it low-maintenance and perfect for outdoor entertaining, while the well-heated interior ensures that you'll be cozy all year round. A common balcony off the kitchen dining room and the enormous lounge - which can be closed off for those cosy nights in enjoying a movie or just watching the amazing ever-changing sunsets behind the mountain - provides the perfect vantage point to take in the views and dine alfresco under the warmth of the ceiling mounted heater. Parking on site for an additional two to three vehicles beyond the double garage, this home offers privacy from the street with established, terraced gardens, again beautifully landscaped to maximise the practicalities of living with such views! And let's talk about those views! The panoramic, undisputed and uninterrupted vistas from this property are absolutely breathtaking overlooking kunyanyi, the River Derwent, the City, Little Howrah Beach and spanning the Western Shore down to the top of Bruny Island. Plenty of space for all your family and friends, this property is truly a must-see. So why wait? Come see for yourself and experience the incredible beauty and livability of this home.
