This stunning classic 2 bedroom home built in 1956 is just so different. Traditional high ceilings, polished floorboards and sash windows have been blended with a modern kitchen and bathroom to create something just a little bit fun. The bedrooms are both huge, easily described as 'king sized'. Both have robes and ceiling fans. The spacious carpeted separate lounge room will be a great spot for watching movies on rainy days with a cozy gas heater for added comfort. The kitchen/meals area has been updated to include stunning red cabinetry and a freestanding gas stove. A large modern bathroom with a lovely big deep bathtub completes the interior. Stepping outside, you'll note that the property is fully fenced and includes plenty of off-street secure parking, space for a caravan, as well as room for kids and pets to run. Pretty gardens, an undercover entertaining area, simple lawn areas and a garden shed are only a few of the attractive elements on offer here. Only minutes to our beautiful southern coastline and close to schools, shops and public transport; this neat two bedroom home would be a perfect opportunity to enter the market or purchase a smart investment.**All floorplans, photos and text are for illustration purposes only and are not intended to be part of any contract.
