What a wonderful find in a sought after suburb so close to the city, The Strand and the Airport. With beautifully polished hardwood floors, air conditioning, a stylish kitchen and a modern bathroom this house will be a wonderful home for its new owners. There are 3 spacious bedrooms and the property will suit a growing family. Heaps of potential here to build in under as the house is legal height . As an added bonus there is plumbing for a second bathroom already installed. At the moment under the house is a great place to relax and enjoy entertaining. Call now to view this one. Do not miss out.
