This period style home offers an amazing opportunity for someone to give it a whole new lease of life. Off the main entrance hall are the three generous sized bedrooms, open plan kitchen/dining and living, central family bathroom, laundry, and separate WC. In addition, there is a bungalow that could be the perfect home office or 4th bedroom, single lock up garage, workshop, and a large rear yard for the avid gardener to enjoy. The home is well located within the town having the ability to walk to the recreation reserve, shops, schools, doctors and even the local heated swimming pool. Cobden is a small rural town with lots of great benefits, the town boasts a first-class golf course, primary and secondary schools, not to mention the miniature railway and historical park.
