\$831,000

Offering an unbeatable Blackburn North location and exuding modern class while featuring an easy yet functional double storey design, this standout 3 bedroom, 2 bathroom townhouse impresses with highlights that are too many to mention. The layout to this residence is a little different to your stock standard townhouse, with the brilliant living delights located on the top floor. This includes a generous and open plan lounge and dining zone, which benefits from warm afternoon sun and while also delivering striking floorboards. From this living zone you can access the amazing balcony where you can soak in the glorious fresh air over weekend cocktails or morning lattes. The upstairs level also benefits from the master bedroom which delivers a walk-in robe and chic semi-ensuite as well as an elegant stone kitchen with island bench and premium appliances. On the ground floor, 2 more bedrooms with BIRs have separation from each other thanks to the designer main bathroom, with one of these bedrooms opening out to a 2nd smaller balcony. Also enjoy a European laundry, split system heating and cooling, great garden space, and a double remote garage. So close to Slater Reserve, Koonung Creek Trail and surrounding parklands, Slater Reserve, Blackburn Square Shopping Centre, Kerrimuir Village, Old Orchard Primary School, Blackburn High School, buses, and Eastern Freeway.
