Looking for some peace and quiet but still want to be close to the water? This beautiful elevated 2.5 acre lot in the heart of River Heads and just 2 mins to prime fishing spots. Featuring three good size bedrooms (all with built ins) plus a study. The main bedroom has a walk in robe and ensuite attached. An extra large open plan lounge/dining/kitchen area with cathedral ceilings and exposed beams give the home a very spacious feeling and a certain charm. The large kitchen with breakfast bar and servery is an ideal place to prepare food while still enjoying the company of your guests. There is also a detached 2 bay shed with 2.7m boat port off the side, the huge backyard has plenty of space to put a very large shed in place and solar panels have been installed on the roof. The massive back yard has been split into two fenced paddocks and the rear paddock has a spring fed dam that never runs dry, a popular hang out for local kangaroos and wildlife. The yard also has a stone BBQ area and fire circle for sitting around on those cold winter nights. With a number of native animals and birds calling this area home it is an ideal place for nature lovers or those just after a bit of peace and quiet. Both bathrooms have been renovated but the home is still in original condition so would suit a handyman who could bring it back to its former glory.
