An 877 m2 (approx) allotment, a rural outlook front and rear that delivers ranges views that seem to stretch forever, and a family-wise location that has you just minutes from the heart of Whittlesea and every convenience that brings...this sprawling single-level home provides the best of both worlds. Family flexibility starts with a freshly painted, newly carpeted interior introducing three bedrooms and a study large enough to work as a bedroom if desired. The main bedroom includes a walk-in robe and ensuite, with the remaining bedrooms sharing the family bathroom. Anchored by a kitchen featuring waterfall benchtops to the breakfast island, designer tiled splash back and quality stainless steel appliances, including a 900 mm cooker, the open-plan living-meals sweeps into an equally spacious rumpus room. With both making a seamless transition to the deep rear yard, there is more than enough space for relaxed living and large-scale entertaining, whatever the event. Set well back from the road to provide plenty of space for everyone's car...and the boat/caravan/trade vehicle, the super-sized allotment currently offers a huge expanse of lush lawn for the kids to enjoy and an area for outdoor entertainment. Astute buyers will discover more than enough room for a tradies shed, an alfresco area and even a pool! (all stca) Minutes from schools, shopping, dining and café options, professional services and the supermarket, this wonderful home fits a busy family life to a tee! ***PHOTO ID REQUIRED AT OPEN FOR INSPECTIONS***
