A stunning holiday home in a dress-circle, beachfront setting: tucked just at the end of Beach Drive, this Karen Burke designed residence pulls out all the stops for luxurious livability on the coastline. The flawless design focuses on the spectacular ocean views, with bifolds and stacking sliders extending the interiors to a series of decks, erasing the distinction between indoors and out. Spanning three light-soaked levels with soaring ceilings and a crisp, neutral palette, the open plan layout is beautifully balanced by the warmth of hardwood floors and a thoroughly modern aesthetic. It's a beautiful getaway for the family with a great design for weekend guests as well; best of all, it's just 100m from the surf. • Architecturally designed by Karen Burke with magnificent ocean views • Free-flowing interiors with vast decks from all main living zones • Showcase of superb craftsmanship + premium finishes throughout • Ground level self-contained suite with underfloor heating; ideal for guests/teen retreat • Large games room or second living area opening up to a deck, could be a 5th bedroom • 4 generous-sized bedrooms with built-in robes; master includes walk-in robe + ensuite • Skylit chefs' kitchen; stone-finished, central island, gas appliances • Ducted climate control, hardwood floors, C-Bus system, beach shower • 35,000ltr water tank, garage w/internal access, loads of storage • 100m to the beach; moments to Killcare, 90 minutes from the CBD
