\$350,000

Here it is! We are stoked to be able to present to the market, an affordable 5-acre block, primed to go for your perfect retreat. Located in the popular riverside village of Currawarna, this allotment offers an opportunity seldom found these days, to build your ultimate lifestyle and an escape from the everyday grind. Fenced on three sides and with water already connected, the land is mainly flat for developmental ease and features a very gentle slope from the rear, to the street frontage. A short 2km run from the banks of the Murrumbidgee river and an easy 25-minute commute to Wagga, makes this position a very delectable option for those seeking an 'outdoorsy' lifestyle on an affordable budget. Call today for more details.
