\$600,000

2-acres of vacant land in the prestigious Jimboomba Woods estate are becoming rare to find. We estimate this is the last available block of land for sale in this estate. So be quick grab this one before your dreams of building here are gone forever. SO, what's on offer? 2 acres of cleared land, this is one of the flattest blocks in the whole estate, so building will be a breeze. Fenced on 2 sides with full pressure town water available and NBN to the premise also on offer. The quiet location offers a peaceful environment, and you can enjoy breathtaking sunsets from the property. One of the advantages of this location is its proximity to Jimboomba Shops, which are only a few minutes away. This makes it convenient for shopping and accessing various amenities. Additionally, the land is situated within the "golden triangle" of Brisbane, Gold Coast, and Ipswich. This means you're within reasonable commuting distance to these three major areas, which opens up a range of opportunities for work, entertainment, and recreation. Overall, owning 2 acres of land in the Jimboomba Woods estate offers a combination of tranquility, prestigious surroundings, convenience, and access to multiple vibrant areas in Southeast Queensland. Ask us about house and land package, as we have partnered with a reputable Qld builder.
