Step into coastal paradise at 748 Casuarina Way – a single-level beachside gem that epitomises relaxed elegance. Completely renovated and meticulously presented, this home invites you to bask in the seamless blend of mid-century inspired decor and modern beach house vibes. Pass through the secure front gate and let the bespoke finishes surround you with warm, inviting neutral tones, reminiscent of classic travertine and rich timber joinery. Living centres around the kitchen, adorned with high vaulted ceilings and large Velux skylights, creating a bright and airy space that seamlessly connects indoor and outdoor living. Offering 4 bedrooms, 2 bathrooms, and an extra room that could be a cozy media room or even a potential 5th bedroom, there's ample space here. Need a quiet spot to work or study? There's a separate study too! Outside, newly landscaped courtyards full with coastal natives, beckoning you to savour the outdoors in style. With space to expand the gardens or perhaps add a refreshing pool, "oh the possibilities." And let's not forget about the excellent storage – an oversized double lockup garage with rear access to a concrete patio, a perfect spot to stash your camper, jetski, or all your beach toys. There's even a garden shed out back for your green thumbs! Just a few steps away from the white sandy shores of Casuarina Beach, this location is pure coastal bliss.
