Offers Above \$850,000

Located just 22km West of Denmark, this attractive 104.21ha rural zoned block offers the best of both worlds. Approximately 24ha of the property is cleared and pastured, with most paddocks being productive flats, and one with some higher ground with views over the property and beyond. The remaining portion of the property consists of a wide variety of bushland and wildflowers, including stands of Jarrah, Redgum, Sheoak & Banksia - all fenced off and protected from stock. Water supplies are excellent, with a number of soaks and dams, while other improvements consist of timber cattle yards and an old shed. Please call Kim on 0427481498 for further details.
