Huge Potential in a Prized Lifestyle Location

This original period semi is comfortable now while presenting an outstanding opportunity to buy into a popular Haberfield pocket and really add some value. Ideally located on a wide and leafy street, it sits on a generous allotment just a block away from Ramsay Street's great coffee, restaurants and amenities. Interiors are light and airy with separate lounge and dining areas, high ceilings and polished floors.

There are also three bedrooms, a functional gas kitchen, full bathroom and a private garden at the rear. The potential-packed property is now ready for some inspiration and creativity to bring it back to life with an upgrade, extension or a complete renewal to capitalise on such an appealing house and land package.
