Evoking memories of Warrnambool's boom years during the 1950 and 1960s is this iconic Walter & Auty (Tag Walter and Bruce Auty) designed family home. Well maintained, this classic brick home set on 937m² offers the opportunity to enjoy a welcoming light filled lifestyle today while pondering the possibility for further renewal or extension. Upon entering the home, the mid-century architectural flavours of the era become evident, the properties multiple living areas interlacing seamlessly. Boasting 3 bedrooms, double garage with under home storage and rumpus room, hardwood flooring, modernized bathroom, ducted heating, and open fire make only a few minutes commute to Warrnambools CBD.
