Get away from it all on your piece of Australia. Freehold title of 1,641 hectares (4,054 acres) of which 983 hectares (2,428 acres) has been planted to trees. The remainder of the property is remnant bush. The catch?? This is not a property for the serious farmer as all the vegetation is to remain unspoilt. It would suit people who have a passion for the Australian bush. The fauna and the environment is as close to original as you could hope for. It's a paradise for those that see it as such, a way to be unencumbered by the relentlessness of the daily grind, your opportunity to truly escape. More photos available upon request. For details on what is involved with ownership of this rare freehold property please direct your enquiries to Peter Johnson 0428 655 665.
