Willania has been owned by our vendors for over 40 years. It is a beautiful private setting with established trees and valley views. The main house is two bedroom brick and tile home which was lovingly built by the vendors. It has lovely high ceilings with exposed brick which gives a lovely homely feel - with a verandah around the home. There is a separate building that has another bedroom and bathroom and large garage area. There is also a large workshop and garage. The property is well fenced. Water is provided by 5 rainwater tanks. There is a creek that runs through the property, running currently but not permanent. Situated approximately 10kms from Coolah on the tar road, with the school bus going past the gate. We seldom have properties of this size, soil type and proximity to Coolah - if you are looking for a home on acres, don't miss out on this beautiful little property! For Sale by Expressions of Interest - Contact us to arrange an inspection.
