The bespoke blackbutt staircase, adorned with a modern LED chandelier, leads you to a realm of refined living. The kitchen, a masterpiece in itself, features new Essa stone benchtops and soft-close hinges. A culinary haven where every detail has been considered, including a concertina corner cupboard assembly maximizing space, and an island bench with under-bench microwave recess. All windows throughout the house have been upgraded to Jason aluminum white awning windows, complemented by powered roller shutters for added convenience and security. The entrance door, a statement of reinforced aluminum and frosted glass panels, welcomes you with style. The main bathroom is a sanctuary, boasting a cast iron claw foot bath with telephone-style taps and shower fitting. Italian stone look tiles adorn both bathrooms and the laundry, adding a touch of luxury to these functional spaces. LED downlights and quality pendants illuminate the rooms, creating an ambiance of sophistication. Technology meets design with concealed power and aerials to three TV outlets in the lounge, main living area, and master bedroom. The kitchen boasts quality appliances, with a four-year-old oven and dishwasher seamlessly integrated into the design. The attention to detail extends to plumbing, with all bathroom, laundry, and kitchen plumbing – including toilets – being brand new. As you explore the outside, the beauty continues. The double garage, with an automated panel door, features cabinetry fitted on three sides, providing ample storage and bench space. The floor has been meticulously resin-filled and painted in 2 pack acrylic for both high strength and easy cleaning. A convenient access door connects the garage to the house, making daily life a breeze. Step onto the expansive 2.4m x 13m balcony, enclosed at both ends for privacy and tranquility. Shaded awning blinds stretch across 13 meters, creating the perfect space to unwind. Quality exterior lights, double power points, and radiant heaters make this balcony an all-season retreat. The bespoke hardwood balustrade and posts add a touch of craftsmanship to the outdoor experience. Beyond the main dwelling, discover additional structures that elevate this property to a new level. The 6m x 6m fully insulated workshop is a haven for DIY enthusiasts, complete with sliding door access, fitted benches, and LED strip lights. The 6m x 4.5m shed, powered with circuit breaker outlets, features roller doors for easy access. Two garden sheds, each measuring 1m x 2m, provide additional storage options. The gardens, meticulously designed and maintained, boast a bore with reticulated gardens featuring five stations. A manicured Palmero Lawn, enclosed with limestone blocks, adds a touch of green luxury. The sealed driveway and crossover lead to an automatic gate with 3m wide access, providing ample room for a boat, caravan, trailer, and vehicles.
