Light-filled and immediately welcoming, this proudly elevated Victorian terrace is offered in eminently comfortable condition with exciting longer-term potential for future upgrades, if and when desired. A corner aspect provides abundant northern light to an efficient floor plan of arched entry hall, 2 bedrooms (ample robe space), central bathroom and laundry, cute kitchen, and open living/dining space to paved sunny courtyard. Further features include split system air conditioning, brick shed, evocative window shutters, and many original period details. Enjoying one of the areas finest addresses, within a short stroll of Rathdowne Village, Princes Park, tram lines, and numerous other lifestyle attractions, this is one not to miss. We donate a portion of our fee from every property transaction to the Woodards Foundation to support people experiencing homelessness, family violence and social isolation.
