\$1,500.00 per week

Booking an inspection is easy - Simply click on the blue "Book an Inspection Time" button. Choose your day and time of your choice. PLEASE NOTE: Inspection times do not go ahead unless you register to attend. It's not hard to imagine your new life here at this Bardon home; evenings spent entertaining friends and family on the upstairs deck, a glass of wine in hand and the glimmer of the city skyline to set the atmosphere. These panoramic views span from North to South to create a truly magical backdrop, elevating this residence to an executive level. What a dream to prepare meals within this kitchen, connecting to the deck through both sliding doors and a server window to make for uncomplicated hosting. Additionally serviced by the kitchen are 2 upstairs living areas, both drenched in natural lighting. Granite benchtops, a stainless-steel oven and 5-burner gas cooktop add to this space, which also enjoys the stunning city to hillside views. The master retreat is surrounded in a sense of tranquillity, boasting an oversized walk-in-robe with study nook, and a stylish ensuite, complimented by a clawfoot bath, double sink and chic finishes. Further accommodation within the home consists of an additional 4 spacious bedrooms which are set across the two levels of the home. Downstairs delivers the perfect option for a teenager's sanctuary, where 3 of the bedrooms reside alongside a further living area plus study and a magnificent outdoor pool area. The triple lock-up garage provides not only secure accommodation within 3 parking spaces, but you will also find plenty of storage to ensure your home space is easily maintained and de-cluttered. One of these spacious storage cupboards has a built-in wine rack and could easily be turned into a functioning cellar. Further benefits of the home are inclusive of, but not limited to an abundance of natural lighting throughout, ducted air conditioning, easy street entry and a beautiful grassy lawn space with purpose-built viewing nook to enjoy romantic evenings soaking in the views. This location is truly one of Brisbane's best, offering a welcoming local community and convenience to all amenities. Serviced by both Bardon State School and The Gap State High School, there are several private schools within easy commute. Local cafes, kindergartens and childcare options further boost the status of this locale.
