Phone enquiries - please quote property ID 31735. This house is ideal for first home buyers, semi-rural families and pensioners alike! The property is a 2 bedroom house, with a living area combined dining area. There is a single built-in wardrobe found in one of the bedrooms, and an additional large shed (4mx7m). The outdoor area is semi-rural, and is easy to maintain. Enjoy the privacy and quietness of the area, as there are only 4 houses on this part of the road, while still being close to the amenities of Coffs Harbour central (around 9km away). Additionally, nearby local amenities include Karangi School and Coramba Hotel (10 minutes away). The house is in good condition and recently been given a patch up with minor paint job and tidying up the kitchen. With a 3851m block of land, it's the perfect size for small families and perfect to start up a garden. It's also on a part of the road that has been closed off for the past 16 years, so it's definitely a good deal. This house is perfect for families or people who want a quiet place to settle down, yet still be close to amenities. Plus, with the current renovations, it also makes for a great renovation project with potential to grow. The house also offers one car space with a carport, while an additional large shed gives more storage and working space as well. With everything this house has to offer, it's definitely an amazing deal at a great price!DISCLAIMER While proudly assisting home owners to sell since 1999, No Agent Property takes every care to verify the accuracy of the details in this advertisement, but the correctness cannot be guaranteed.
