With impressive presence out front, north sun behind and great space within, this is classic low-maintenance living - back to front! Highset and handsome on an in-demand street, this four bedroom, 2.5 bathroom home stands tall with a classic dual zone floorplan. Facing the sun with northerly living-dining, this quality home steps up to a versatile second living at the heart of the first-floor and yet more living outside in a covered al fresco area. Appointed in first-class style with a glossy ensuite and WIR for the private master-suite and equally glossy timber floors through the ground-level, this quality home is designer detailed with a prestige stainless-steel appliance kitchen, stone benchtops, (even for the laundry) and polished-porcelain full-height tiling for the bathroom areas (even the powder-rooms). Centrally heated, air-conditioned and alarmed, there's an abundance of storage including mirrored-robos, plentiful parking including an auto-garage, and larger-than-expected land with a generous tiered backyard! Just around the corner from friendly Tucker Rd shopping strip and the Primary School, just a minute to Centre Rd's shopping and new station, this impressive townhouse is just perfect front, back and all around!
