\$449,500

This fabulous block situated only 7 minutes from the heart of Daylesford is perfect for your tree-change dreams. Set on 750sqm approx, the land is rich with established trees and your services already in place with the current dwelling. The original homestead does need a rebuild, but there are wonderful possibilities with the excellent footprint of 3 bedrooms, 1 bathroom with a country cottage kitchen and views out to the surrounding garden –there even is an original parlour room! The property also borders crown land which gives you privacy and a stunning outlook onto the seasonal creek. Endless opportunities with the current dwelling, or start again and build your own perfect getaway or forever home (STCA). If you are looking for your next project rich with potential, look no further!
