Situated in a highly desirable enclave of Maroubra, this delightful residence boasts a solid brick construction. The property showcases a vast, sun-soaked rear yard and is just a short distance from Heffron and Nagle Park. Comprising three generously sized bedrooms, an original kitchen and bathroom, as well as open-plan living and dining spaces, the home also features a versatile study/sunroom. The sizable family-friendly rear yard adds to the appeal, and the convenience of being within walking distance to two major shopping centers completes the package.
