Sublimely designed, this shining home is a family favourite flaunting a flexible floor plan incorporating three big bedrooms, a generous fourth bedroom or retreat and large study. Poised opposite Buckley Park, with eye-catching views of the city lights, it's a beautifully situated standout with quality appointments throughout. Highlighting an expansive kitchen, dining and family domain, equipped with 900mm appliances, abundant storage space and extensive stone surfaces, the ground floor leads out to a northerly entertainer's deck and backyard. Bedrooms are big and the retreat/fourth bedroom extends an invitation to enjoy skyscraper views indoors or out on the adjoining balcony. Two gleaming bathrooms include an ensuite and spa bathroom, complemented by a powder room. Solar power, heating/air conditioning, excellent storage, a smartly landscaped front garden, electric gate, driveway and automatic garage extend the allure of this thoroughly impressive abode. So close to sporting facilities, schools and the trams, shops and eateries of Keilor Road, it's a perfect match for the thriving family.
