Behind c1960s lines that effortlessly convey enduring and engaging character, this flexible family home reveals a superbly renovated, architecturally designed floor-plan showcasing quality across all details. The versatility of up to five bedrooms highlights the family credentials of a design that includes two beautifully appointed bathrooms, including an ensuite that accompanies a main bedroom featuring a walk-in robe and a gorgeous garden outlook. In addition to its exceptional, entirely renewed original rooms, the home's substantial extension delivers indoor-outdoor desirability beneath a sawtooth roofline that acknowledges the industrial history of the local area. An all-electric open-plan kitchen with a walk-in pantry and a comprehensive suite of Series 8 Bosch appliances including steam oven, pyrolytic oven, induction cooktop, ducted rangehood and integrated dishwasher confirms the contemporary excellence of a home that flows seamlessly to its refined alfresco area and a rear garden of substantial size – the perfect place for the kids to play. Solar panels, heating/cooling, fabulous finishes, a prolific productive lemon tree and a generous carport further ensure this is a property that lingers long in the memory, surrounded by great neighbours, moments from Newport Lakes Reserve, schools and public transport options that put the city within easy reach.
