This spacious and well-designed home has two living areas which can be so handy for families, giving everyone room to relax or entertain. And an open-plan kitchen/dining area is great for gatherings and keeping an eye on things while cooking. Three of the four bedrooms have built in robes with a walk in robe leading to the ensuite off the master bedroom. The property offers a remote access garage with access to the house and a fully enclosed back yard. A complete application is required prior to viewing this property.
